Above Counter Dispensers

Use Schafer's above counter systems to create eye-level displays with a huge range of games. Promote the widest range of games in eye-catching displays that consume minimal or no counter space. Use Schafer's Over-the-Counter or Over-the-Terminal/Register Ticket Displays to create versatile, configured dispenser systems. Mounted directly to the ceiling or on stands over the register, these displays provide direct visibility for the customer.

Over-the-Terminal/Register Ticket Display

The Over-the-Terminal/Register display is configured with our Dual Snap-together Modular Mini® dispensers and utilizes two cash register stands for mounting to the counter.

Over-the-Counter Modular Ticket Display

Click photos to enlarge

This unit requires absolutely NO counter space. It is pre-configured from our Dual Snap-together Modular Mini® dispensers to meet the needs of each retailer.

Our versatile Above Counter Dispensers can accommodate a wide variety of ticket sizes.

Minimum quantities may apply. Call (641) 742-3266 Monday - Friday 7:00 a.m. - 5:00 p. m. CST or email us for specific requirements. sales@ssi-ia.com
